PSBR accumulate a deficit of \$362.1 billion up to August. The MoF released its public finance report for August, in which we highlight the \$362.1 billion deficit in *Public Sector Borrowing Requirements* (PSBR) –the broadest measure of the public balance¹–. This compares to the \$469.9 billion deficit seen in the same period of 2021. The 'traditional' public balance posted a \$285.1 billion deficit, lower than anticipated given higher revenues and lower-than-expected spending. Finally, the primary balance had a \$244.3 billion surplus (expected: -\$18.4 million).

Total revenues increased 4.4% y/y in real terms. Revenues reached \$4,380.8 billion in the period, \$247.5 billion above budget. Oil-related income came in at \$892.2 billion, +35.8% in real terms, mainly driven by higher oil prices. Meanwhile, tax revenues amounted to \$2,621.7 billion, lower than projections by \$61.4 billion. Inside, results were mostly positive, highlighting income tax to the upside (14.8%), while excise taxes had the largest decline (-85.5%), again impacted by the lack of collection of fuel taxes. Meanwhile, VAT revenues grew 2.7%. Income from government-controlled entities (IMSS and ISSSTE) came in at \$347.0 billion (+6.4%), while those of CFE increased to \$271.9 billion (1.1%). Finally, non-tax revenues declined 19.9%, amounting to \$248.1 billion.

¹ The PSBRs include the sum of the Public Balance, the financial requirements of the Mexican Bank Savings Protection Institute, financial requirements of deferred investment projects, adjustments to budget records, financial requirements of the National Infrastructure Funds, program of debtors and the expected gain or loss of development banks and development funds.

Budget spending rises 3.2% y/y. Total spending reached \$4,652.2 billion, \$3.6 billion lower than budgeted. In this context, primary spending climbed to \$4,160.3 billion, implying +2.6% y/y, with financial costs at \$491.9 billion (+8.1%). Within the former, the programmable component rose 1.4%, amounting to \$3,409.4 billion. Outlays from government-controlled entities (IMSS and ISSSTE) increased 1.5%, driven by IMSS (+2.9%), albeit partially offset by a decline in ISSSTE (-1.8%). Spending by Pemex grew 1.8%, although with the one from CFE even higher at +5.2%. Administrative branches rose 0.6%, with strong increases in the Ministry of Tourism (+234.6%) and in Welfare (+34.0%), although with relevant declines in Economy (-48.3%) and Energy (-43.9%). On the other hand, autonomous branches spending fell 9.3%. Inside, this was mostly explained by INE (-41.4%) and the legislative branch (-5.3%), although higher in the Federal Institute of Telecommunications (51.9%). Lastly, non-programmable spending rose 8.8% to \$750.9 billion, with participations –transfers to states under the federal tax collection agreement– up 8.1%.
